# ABOUT **ROOTS**

Your Single Supply Source  
for industrial consumable and project supplies.

ROOTS SUPPLY SOLUTIONS are specialized in the supply of Engineering goods throughout Gulf region. We provides specialized services, equipment & spares to Oil, Gas, Power, Marine,Aircraft, Defense and Industrial projects all over GCC and North Africa. Staffs at ROOTS are well experienced professionals with leading edge expertise in Energy and associate sectors.

ROOTS has quickly established itself with a reputation as a complete Supply Chain Solution provider integrating each separate link in the chain - Sourcing of quality products, Procurement, Logistics, Inventory and Production liaisons with reputed Manufacturers, Distributors and Suppliers around the globe.

We strive to forge lasting relationships with our customers based on consistent performance. This we achieve by assuring utmost attention with best services, quality products, competitive pricing and prompt delivery. Dedication to delivering high quality products and developing innovative solutions for the oil and gas industry has made ROOTS a cornerstone of the oil & gas supply industry. Companies rely upon us to provide inventive answers to the unique challenges faced by such a dynamic industry.

## THE **ROOTS** DIFFERENCE

"The **ROOTS** Cost Savings strategy engages to stay focused on our core mission, which is to help our clients make better profits. We work closely with our partners daily to identify opportunities for our customers that minimize operations cost and maximize efficiencies.

**That's a win-win for our customers."**

## Our Markets

### Oil & Gas, Power Plants, Construction

Through strategic partnerships with key distributors, we have developed strong capabilities of product supplies in upstream and downstream oilfield operations, powerplant and construction industries.

### Marine

We brings a market focus to the marine-related businesses offering best products and solutions for marine customers throughout the Middle East.

### Maintenance, Repair & Operations , Aircraft , Defence

Our industrial MRO specialists lend their experience and expertise to all of our industrial products outside of our other dedicated divisions.

## Our Verticals

### Oil Field Supplies

### Industrial & Power Plant Supplies

### Marine Supplies Ship Chandling

### Import & Export

# HOW **ROOTS** MAXIMIZE VALUE OF YOUR SUPPLY CHAIN?

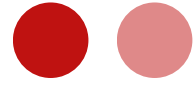

**ROOTS SUPPLY SOLUTIONS** work towards helping organizations in reducing the total cost of consumable procurement. We keep a strategic approach to consumable sourcing and supply chain management.

In organizations where industrial supplies are needed in bulk, management of the supply chain is effective to ensure the availability of items on the right time. We utilize smart technology and efficiently remove the complexities of a deeply fragmented supply chain.

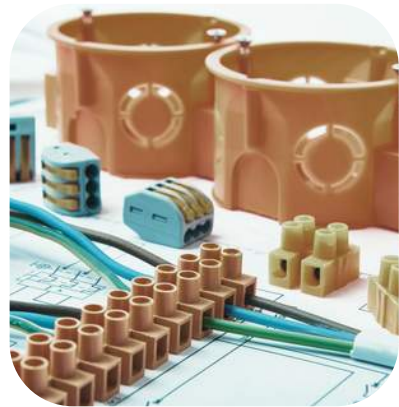

The aggregation strategy of **ROOTS** works towards leveraging the fragmented supply chain by giving it an organized structure:

- Using strategic sourcing technology and implementing advanced technology tools, **ROOTS** have also succeeded in turning the traditional sourcing process into a quick, smart, automated sourcing.
- Making alliance with **ROOTS** means you no longer need to deal with multiple vendors. We function as your single solution to industrial supplies.
- Procuring industrial supplies from **ROOTS** facilitates optimum spend visibility which enables the tracking of entire consumable spends from the very beginning till the end of the financial year.
- **ROOTS** facilitate the availability of a wider range of brands across manifold categories providing greater scope of competitive pricing or comparison shopping.

**Trying to go cost-effective by reducing per piece or per item cost doesn't ultimately help in cost savings. We provides cost saving benefits on your entire spend list."**

- Contact Cleaners- CRC , WD40
- Mobil Grease
- Cleaning Materials
- Industrial Paints
- Lighting Consumables
- Cotton Rags & Fabrics
- Cutting, Grinding & Sealing Materials

## WORKSHOP CONSUMABLES

### YOUR GENERAL SHOPPING PARTNER

**ROOTS** offers a wide range of pressure and liquid level gauges, measuring instruments and workshop tools for aerospace, military, oil & gas, and industrial applications. Designed, assembled, and adjusted to meet customer specification under the highest quality control standards, these components are built to withstand extreme vibration and shock while maintaining the greatest accuracy over extended periods of usage.

## ELECTRICAL SPARES AND ACCESSORIES

### TOTAL SOLUTION FOR ALL ELECTRICAL NEEDS

**ROOTS** specialize in bringing to you leading brands of quality products, from around the world. Our knowledge of market trends and emerging product innovations enables us to address the unique challenges presented by the Construction, Oil & Gas, Telecommunication, Marine & Shipping, Energy and Manufacturing industries. Our team of dedicated and highly trained sales specialists can help you make well informed procurement decisions.

- Power Communication Cables & Wires
- Cable Management
- Lighting & Lighting Controls
- Lamps & Lighting Components
- Low voltage switchgear components
- Wiring Accessories
- Miscellaneous Products

# SAFETY PRODUCTS

**CALL ROOTS FOR PROTECTION!**

**ROOTS** supply recognized and world renowned brands catering to HEATING, VENTILATION, AIR CONDITIONING AND REFRIGERATION applications. Besides major brands, our quality refrigerants under the brand name of Westron, Maxron and Eliwell have taken optimum stage in HVACR industry, due to quality performance and competitive advantage, in and around Asian, African and Eurasian markets.
